

SUGGESTED PACKING LIST

It is important that each traveler only pack what he or she can carry comfortably. It should always be remembered that this is a *soccer tour and not a regular vacation*. All party members will, therefore, be responsible for their own luggage at all times.

GAME CLOTHES

- Uniforms (**make sure your names are written on your socks, shorts & shirts**)
- Soccer shoes – Shoes for turf fields, molded sole and optional screw-in sole
- Rain jacket and plastic bag for muddy shoes
- Deflated soccer ball
- Water bottle (fill up and take to each game) Tap water is drinkable in the UK.

INFORMAL CLOTHES

- Jeans
- 2-3 pairs of shorts
- 2 x Sweatshirt/Sweater
- 4-6 T-shirts
- 3 polo type shirts
- Underwear
- Swimsuit
- Comfortable shoes/tennis shoes

Some people like to take more formal clothing for visits to the theater and for social occasions in the evening. We ask the teams to wear club tracksuits or dress ‘smart’ when going to play UK teams (so you look respectful). But it is important you take as few clothes as possible as too many bags can create numerous problems, (plus you need to allow for purchases in the UK!)

TOILETRIES

- Tooth brush / paste
- Soap / shampoo / deodorant / hair gel etc.
- Small spare towel (just in case)

Also please note that Britain has a different electrical currency than the USA – most outlets are on 220 volts and not 110 volts. Therefore if you put your American appliances into a British socket, (e.g. hair dryer) you will probably destroy the appliance. You can purchase transformers / adaptors before you leave from most major stores.
